

SOLAR COOKER Model: SOLENER CC 02 – Reference IP-688373

The SOLENER CC 02 solar cooker is an eco-friendly and cost-effective appliance made of stainless steel, ensuring greater durability and thermal efficiency. Equipped with dual reflectors, it maximizes solar concentration, providing higher temperatures and reducing cooking time. Its optimized cooking surface allows for better heat distribution and improved performance.

Solar enrgy

53x37x45 cm

40x32 cm²

20–30 minutes (sunlight-dependent)

140°C

Stainless steel
